

NOTICE

Advisory on Phishing Emails – All First-Year B.Tech and Dual Degree Students

It has come to our notice that some first-year students have received phishing emails from external email addresses requesting them to share their Institute login credentials and/or make payments for internship and placement opportunities. It has also been reported that a few students have responded to such emails and made payments.

As a precautionary measure to prevent further compromise of student accounts, Institute email access has been temporarily disabled for all first-year B.Tech and Dual Degree students. The services will be restored once the necessary security measures have been completed.

All students are strictly advised to:

- ❖ **Do not respond to such emails.**
- ❖ **Do not click on any links contained in suspicious emails.**
- ❖ **Do not share your Institute login credentials, personal information, or banking details.**
- ❖ **Do not make any payment based on such emails.**
- ❖ **Do not respond to or act upon any email that is not from the iiitdm.ac.in domain.**

Students are advised to remain vigilant and await further official communication regarding the restoration of email services.
