Teaching Freshers in Higher Education: Student Engagement and AI-enabled Practices

Dates
17th - 22nd August 2026

Mode:
Online

About MMTTC

The Malaviya Mission Teacher Training Center (MMTTC) at IIITDM Kancheepuram is funded by the Ministry of Education (MoE) under the Malaviya Mission Teacher Training Programme. The mission aims to transform higher education by integrating Indian values and ethos into teaching, research, publications, patents, and institutional development. Established as one among the 116 centers in the country, the MMTTC at IIITDM Kancheepuram focuses on design and manufacturing education. It develops e-learning materials, low-cost laboratory instruction modules, and innovative projects for students and teachers.

About the Programme

The rapidly evolving educational landscape demands innovative teaching strategies and the effective use of Artificial Intelligence (AI) tools to enhance student engagement and learning outcomes. This program empowers faculty to understand first-year learners, create inclusive and interactive classrooms, adopt diverse assessments, and leverage AI-enabled practices for efficient teaching and mentoring. It bridges the gap between school and college education, fostering a supportive transition for freshers and academic success.
