Demonstration and viva-voce

~~85~~ x 10 Marks

1A) What are the Linux commands you know related to set up and maintenance of computer networks?

1B) Hands-on demonstration of Question: (1A).

2A) What are the commands in the Linux environment related to disk partitioning?

2B) Hands-on demonstration of Question: (2A).

3A) Write about GRUB.

3B) Demonstrate GRUB.

4) Demonstration of Microsoft Excel skills in the scenario provided below.

Set up:

- 1) Create three excel sheets
- 2) Enter hypothetical data in the first sheet for “end semester” in the format - rollnumber, marks (for about 10 records)
- 3) Similarly in the second sheet enter hypothetical data for “mid semester” for the same students (in any order)

4A) Consolidate marks in the third sheet for each student by designing a formula that gives 25% weightage to the mid semester and 75% to the end semester.

4B) Sorting operations

4C) Charts

4D) Standard functions

4E) If statement

5) Hardware skill demonstration.
