ABOUT THE WORKSHOP

This workshop equips participants with practical skills in Excel, AI tools, and digital productivity to:

Use Excel effectively
for data management,
analysis, visualization,
and reporting.

Leverage AI tools
for content creation,
data analysis,
and research support.

Automate and simplify
repetitive tasks using
AI for improved
efficiency.

Enable AI-assisted
document preparation
and streamline
workflows.

Enhance productivity
and accuracy in
daily work through
smart digital
technologies.

Make smarter
decisions and achieve
better outcomes in
everyday tasks.
